

"...The Bright Side..."

Principal Mrs Lemmer

2020 has most certainly been a year that has brought about huge challenges. However, 2020 has also provided great opportunities. I am immensely proud of every single Amanzimtoti High learner. Thank you very much for the way in which you have accepted the reality of 2020.

It was not always easy, but you did it – and the result is that you have evolved stronger and far greater at the end of it all.

This year will form part of History—and you will be a major part of it. The hardships that you faced this year certainly contributed so much to who you are today.

Attitude is everything in life. Your attitude determines your altitude. I fully believe that the attitude that you approached your challenges with this year, is what has made all the difference. You are a dedicated group of learners, displaying tenacity and courage. I know you will be able to approach your future head on and achieve huge successes.

Remember to never stop moving forward. On this path of life, many of us will stumble along the way. Get up, dust yourself off and continue, no matter how dark it may seem at the time. There is always a light ahead. Just dig deep into your inner strength and let your own light shine even brighter.

The greatest thing that you can do for yourself is to use every opportunity.

Continue to be the hero that you are destined to be.

Always strive to be the better version of yourself.

Bruce Lee said: "Pain is a privilege. Use it to become stronger, bolder and better."

Always remember the words of Jeremiah 29:11: "For I know the plans I have for you, declares the Lord, plans to prosper you and not to harm you, plans to give you hope and a future".

With my best wishes,

Mrs Lemmer

Deputy Principal Mr Kapp

Saying goodbye to our Matrics is always a bittersweet moment. On the one hand, we are happy that you have achieved your goal and can move on to better things, on the other, it is sad to part ways. During the past five years, we have got to know most of you quite well. We met your parents, guardians, other family members. We learned many family stories, some personality traits, your strengths and your weaknesses. For five years, we tried, to the best of our ability, to give you the most suitable tools for your future. We may have made mistakes along the way, but what I can promise you is that we had your best interests at heart. I hope that all of you felt in your time here, that Amanzimtoti High School was not only a place where you were taught subject knowledge, but

also a place where you learned values and a place where you made friends for life.

This year has tested all of us in so many ways and yet one thought continues to ring true more than ever, "Nihil sine Labore", our school's motto. It took you twelve years of hard work and dedication to get to where you are today and we celebrate this great achievement with you. Nonetheless, this is the beginning of a new chapter in your life, and you must remember that whether you continue studying or you start working, nothing worth achieving will come without labour.

Matrics of 2020, I wish you all the best for the future professionally as well as personally.

May you find your passion in life and work hard to pursue it to the fullest!

"What the caterpillar calls the end, the rest of the world calls a butterfly" Lao Tzu

Good ADVICE

What is the best advice you have ever received from a teacher?

Heidi Doman - Grade 11

It is all about the energy you give and the effort you put in that makes a difference. In saying that, you can either be the candle and give light or the mirror that reflects it. In both ways you are spreading the light of yourself or of others and therefore it is how you carry yourself and what you give off that affects those around you.

It is your choice to decide whether that light is positive or negative.

HAPPY

What memory makes you happy?

Lusanda Sithole - Grade 8

A teddy bear that my best friend left to me before she passed away.

Wenele Buthelezi - Grade 9

When I visited my sister last year in Cape Town. It was a good feeling to see that she is doing so well for herself.

Aphiwe Nyembe - Grade 11

The memory that makes me the happiest is when Sisanda Ntuli made a mistake and said "but stool" instead of, but still.. LOL

LITERATURE

What is your favourite book or comic book?

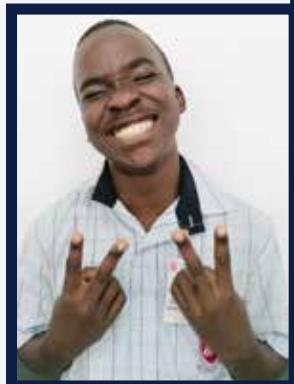

Gabrielle Dudik-Grade 12
'Poison Apple' by:
Lilly Archer.
It is a very interesting
and intriguing book.

Aya Yokwe-Grade 11
'Americanah' By:
Chimamanda N.Adichi.

Cejay Kruger-Grade 9
I love the novel
'Rock War'.

Gift Mdlatose-Grade 8
I love the Roald Dahl
books.

Miss N. Muller

What "old person" things do you do?

"I complain about little kids playing outside when I'm trying to take a nap."

How did you celebrate friends & family birthdays during lockdown?

Trent Hewitt - Grade 11

It was difficult knowing we could not visit family or friends during lockdown to celebrate their birthdays, but we had to make a plan. I video called them wishing them a happy birthday, just to brighten their day.

How did you stay active?

Christopher Flay - Grade 11

I did home workouts, did fitness activities and ran around my area to stay active. I kept challenging myself to do more in order to become more active.

Did you start any new or exciting hobbies?

Nicole Sbahle Makhanya - Grade 11

Yes, hockey and reading. During quarantine, I started practising and playing hockey with my sisters. I am excited to play hockey as an extra mural activity.

How did you find online learning?

Aran Mesquita - Grade 11

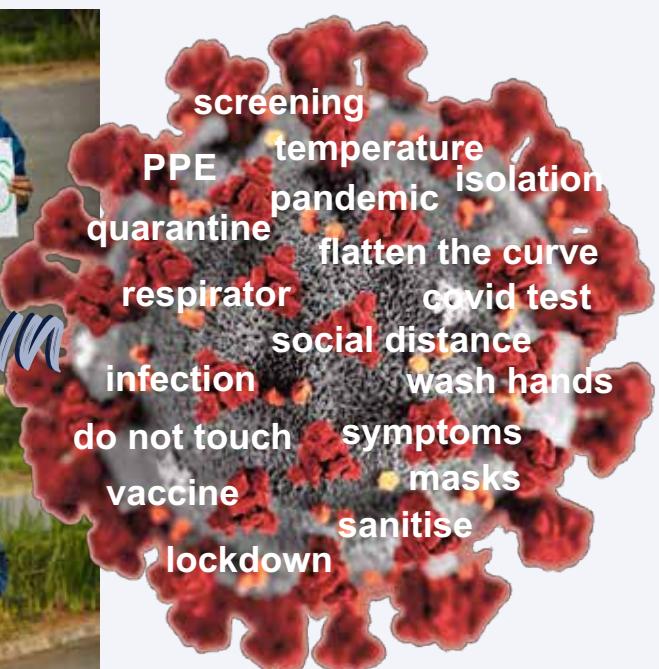

Online learning was interesting and the majority of the time it felt like normal school. I rather enjoyed it! Some work felt a bit like an overload. I did not enjoy trying to self-study, or doing work on something without grasping the full concept.

How did you cope with being around your family 24/7?

Danna Gordon-Hughes - Grade 11

Some days were good, others were not so good. Being trapped in a house with younger siblings is not so enjoyable and having no excuse as to why you cannot do chores is not the best. I do enjoy spending time with my family but I also like to go out and have a break from them.

✉ Mrs Z. Mhlongo

❓ If you could change one thing about your life, what would it be?

🅰️ "Put myself first. Limit consolidating other people's feelings in situations where I should be also taking my feelings into account".

God of War ~ Angelique Smith
I walk a slow and steady pace
Towards you I move

Not with lust or desire but
With power and intent

You think you have
Me, a pretty little damsel
"She was in distress, surely!"

You cry out when telling the story
Of how you found me in war
I laugh with you and your men,
But not for the reason you think

I laugh at your foolishness, old king
So secure in your seat
That you did not notice a serpent
enter your court

Beware, you foolish king
For this was my plan
You think me a foolish damsel
But you are wrong
I am the God of War.

CYCLE OF SUMMER

Sweet sunshine, sweet light,
Let all the birds take flight.
Into the sky, they shall wander
and quickly come back when there is thunder
The greyness of the sky approaches near.
All the children run with fright and fear.
The clouds fill and the rain pours,
The rivers and lakes fill once more.
Then tomorrow the sun is out again
and away goes the coldness, sorrow and rain.
Now the trees and plants are ever so green,
Sweet sunshine, they love it when you are seen.

I wish I had said

So often these words are thought
Looking back on a day's conversation.
In guilt and regret for saying something damaging,
Wishing you had said something different,
Or nothing at all.
We cannot take them back.
Cannot remove them from memory.
The damage has been done.
The seeds have been planted.

I wish I had said...

These thoughts roam around in my head.

Our School HYMN

God our mighty father,
Bless and keep our school
While we follow those things
Noble true and pure.
May all who teach here,
Learn, play and work here,
Know Your everlasting love
Each new day.
Thank you for the knowledge
That You are with us.
And whatever the future,
You will guide us through,
For You have promised
Never to forsake us,
So we come in Jesus' name. Amen.

OPEN NIGHT ????

Well, what a year it has been. Three weeks to opening night and then LOCKDOWN! Although lockdown started and didn't seem to end I was just grateful that all my cast were safe.

Sno - You are a shining light! Your love, laugh & leadership will forever be remembered. You single-handedly made an audience sing and clap along to your song last year and that is something I will NEVER forget. Not many actors can do that. You did it at such a young age!

Bryan - Your commitment to the production team and on stage was immeasurable. You were kind of my brain when it disappeared (which was often). You were also the level headed one in our production team.

Ashley - NEVER SAY NEVER attitude! It didn't matter what role you played. You always did it with determination and passion and gave it 100% every single time. Your commitment to EVERYTHING you did is seen and I know you will go far in life. Never let anyone tell you "you can't", because if I have learnt one thing about you, YOU CAN!

Kayla - Well they say dynamite comes in small packages, and with you, I know this is true! You always have a smile on your face and always work harder than anyone else. For this I thank you. I know you will go far in your life, as that is the attitude that will get you wherever you want to go. Thank you for just being you.

To the rest of the cast, this year was your 'rest' year. Next year we will come back bigger and better. I am truly grateful for each one of you and your passion, talent and enthusiasm you bring to our stage!

May you all stay safe and look after your families and friends.

As the Wicked Witch of the West says "So if you care to find me Look to the Western sky! As someone told me lately, everyone deserves the chance to fly" Now all of you need to fly and reach for those dreams!

Mrs N. Roopnarian

Lots of Love, The Wicked Witch of the West (AKA Miss Wilson)

- Q** If you could close your eyes and be anywhere in the world, where would you be?
"Most likely in Jamie Oliver's renowned kitchen teaching him a thing or two about
- A** Indian cuisine and adding Spice to your life!"

What is your favourite social media filter?

**Yandiswa Hlatswayo
- Grade 11**

My favourite social media filter is the Happiness filter on Instagram, because it gives you a reddish look and has the day written at the top of your screen, making your pictures or videos look cute.

Mashiyamahle Mfeka - Grade 11

My favourite social media filter is the chromatic pulse from Instagram. I simply love this filter because it is black and white.

Our Badge HISTORY

Designed by the school's first principal, Mr Tony Larkin and his deputy; Mr Tom Lambert in 1977.

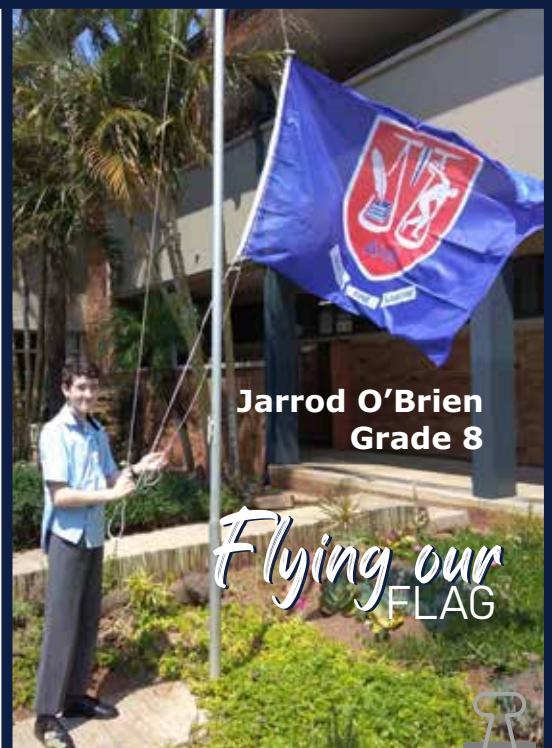

The badge reflects the ideal of a balanced approach in academic and sporting endeavours.

That balance is represented by the two pans on the scale, one showing a number of books and a quill representing knowledge, the other an Olympic athlete.

Our school badge sums up our philosophy to education: a healthy balance between - inside and outside the classroom, secure in the knowledge that nothing can be achieved without effort!

Our motto - *Nihil sine labore* – Nothing without labour, is a self-evident truth.

Mr C. Clarke

? When you are old, what do you think children will ask you to tell stories about?

A "I am old, youngsters ask me all the time, how do I grow such a majestic moustache?"

🔑 Mrs W. Walter

❓ What is your motto in life?

🅰️ "My favourite Afrikaans motto is VASBYT which means to persevere, to endure. The word VASBYT says a lot about who I am as a teacher, and what I like to encourage the kids - NEVER GIVE UP!"

I don't like Cricket

Mr. Venter and his cricket team.

Christiano Ronaldo is my
hero. He is hardworking,
humble, very strong
and he does not let the
haters affect
his game or his personality.

*Editor's Note: Ronaldo's trademark goal celebration sees him perform in a mid air pirouette before exclaiming "si!" - which is Spanish for "yes!" - upon landing.
It is an expression of delight at scoring.*

SONDELLA STEPS

This is where we meet and greet.
Sondella Steps has seen many a school gathering. From House meetings to assemblies and sporting events.
Sondella is the name of a road that threaded its way past our school. This road no longer exists, however the legend of "Sondella" remains up until today with our fondly named steps!
Many years ago pupils had to walk across Sondella Road to reach the fields, for this reason the area overlooking the field has always been referred to as Sondella.

The year is blowing in a breeze,
The trees are gold and green
Ending off our time as children.

MEET THE Secretaries

Mrs B. Eder, has been the financial secretary at AHS since 1997. She has three children and seven grandkids. She is a keen runner and seamstress, she loves to spend weekends with her grandchildren and husband of 40 years. "When times are tough, just run and smile."

Mrs G. Hibbs, started working at AHS as a debtors clerk, in 1998. Mrs Hibbs is responsible for calculating all the term marks! She has three girls, five grandchildren (and one on the way) "I am a Jill of all trades and the master of my own destiny."

Mrs M. Manning, began working at AHS in 2015. She has three children and many pets including 32 chickens, 3 dogs and a three legged cat. She loves to potter around in her organic vegetable garden and enjoys spending time walking on the beach with her family.

Mrs L. Wassenaar, joined the AHS team in 2018. She has two children. In her spare time she enjoys sewing, reading, gardening and spending time with her friends and family. She has a Pomeranian doggie, called Lacey. "This is my baby!"

Mrs L. Harris, began her career at AHS in 2008. She has two daughters and one cat called Sphinx. She loves her job and the interaction with the children and the staff. She has been married for 36 years. "I was blessed to marry the guy I took to my Matric farewell."

Miss N. Zungu - Sports

Ashley Wynn

Ashley Wynn – 'Shut up Ashley'

Last year during English, everyone was quietly working on a task, it was silent, when suddenly out of nowhere, Caitlyn Lancaster pipes up, "Shut up, Ashley."

I didn't even hear Ashley say anything and, it was dead silent in the class! Now every time I see Ashley, before I even greet him, I say, "Shut up, Ashley."

Lindokuhle Goge

Apart from all the confusions in life, to differentiate between afternoon and evening is definitely one for the records – this very pertinent discovery of unfolding the time of day took place in the month of August, Venue –Mrs Singh's English class, Time – 8.25 am
The Time of day Dilemma award goes to Amahle Xulu.

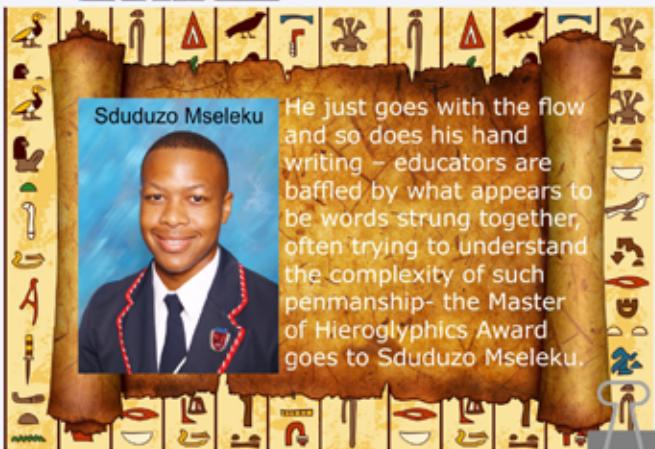

Bryan Krugel – BBQ
Bryan was being funny in my class this year, when I had enough and warned him that I would "roast" him, then he wouldn't be Bryan (Braaing) – he would be braaied... or even worse, American Barbequed, since then... BBQ!

Kayla Smith

She swears she never buys clothes any more and if she does, they are recycled products. Protecting our environment is her passion. Our Enviro recycle queen award goes to Kayla Smith.

Sduduzo Mseleku

He just goes with the flow and so does his handwriting – educators are baffled by what appears to be words strung together, often trying to understand the complexity of such penmanship- the Master of Hieroglyphics Award goes to Sduduzo Mseleku.

TO THE “PREFECT BODY OF 2020”

Judge Danford in ‘The Crucible’ said,
‘We burn a hot fire here; it melts down all concealment.’

I am sure that, during this time, you have felt like you were in that crucible experiencing extreme tests and trials. Remember, when metal is placed inside a melting pot, it separates into valuable metals.

You have missed so many special times in your Matric year. However, I am sure you have learnt a lot about yourself and your capabilities during this time. I am confident that this will hold you in good stead in the future.

Although I have only spent a short time with you, it has been an honour and a privilege to work with this amazing prefect group.

Everything of the best for the future!

Mrs Beyleveld

I really don't think anyone can sum up this school year in a single sentence, but one thing is certain: the end of your high school career is at hand.

You have faced many challenges and uncertainties, you have experienced that which none before you have and very few after you will.

During times of great change there are also great opportunities.

I would encourage you all to seek new ways to do old things, be thankful for what you have and seek out what others may not see.

Appreciate close friends and family, time can't be bought with any amount of money. You all have great potential! Work hard, stand for what you believe in, don't change for anyone unless it is to bring improvement and never waste a second.

I have so much more I wish to say but most of all; I encourage you to read Proverbs 3. Looking forward to seeing you all sometime in the future.

Mr Rossouw

Mrs S. Naidoo

Is there a quote or saying that you live your life by?

“Always treat people the way you like to be treated, with respect. Especially learners, treat them like you would treat your own kids.”

SINQOBILE GUMEDE

SINQOBILE GUMEDE Deputy Head – Art and Culture

2020, what a year, right?

Last year we made plans, saw our future's in the near horizon and wow, it was both exciting and terrifying. Then came Covid-19. The killer of all things fun. We saw our matric dance go down the drain, our final athletics day, and musical just to mention a few. For a small amount of time we held our breaths as our whole matric year was threatened to follow the same path. However, this year is full of **Resilient Matrics!** We will all still get to cross the finish line. Our teachers, the *amazing Amanzimtoti High Staff*, have gone far and beyond to get us to this point. Pushed when we pulled, motivated when we gave up, and gave the love and support we never knew we needed until it was there. This is it guys, our last hoorah! The thing we've been working so hard for the past 12 years. The safety net of childhood will be removed, but this group of Matrics are more ready than ever, 2020 has prepared us, for that fact we must all be grateful. We are different people from who we were at the beginning of this year, let our difference shine through! May the rest of our future shine even brighter!

BRYAN KRUGEL Deputy Head – Art and Culture

BRYAN KRUGEL

YOU DID IT! You have successfully completed your schooling career. Every single one of you should be extremely proud of yourselves. There is no question that life dealt you an extremely difficult year, but you all made it. Life threw its biggest challenge it could at you, and you overcame it. If you ask me, this just shows the world how successful you are all going to be. Nothing is going to be able to stop you after this.

The world is at your fingertips, take it ..make it yours. BUT! Before you turn the page and start your new chapter, do yourself a favour and put a book mark in this one. Do it so that later in life you can look back at the time when amazing memories were created and true friends were made, but especially to look back at the time you told the world that **NOTHING**, was going to stand in the way of your success.

I am extremely grateful that I got to experience my high school career with such an amazing group of people and proud that I had the privilege of being a representative of you all. I wish you all the best of luck for your new adventures!

TAYLA POTGIETER Deputy Head – Sports

TAYLA POTGIETER

I remember sitting in Grade 8 just waiting for the day I can matriculate, and here the day has come, but now I do not think I'm ready to leave yet.

2020 Oh, what a year it has been! Yes, many exciting things have been taken away from us, but one thing I am grateful for, is that we still get to matriculate together as **CLASS OF 2020**.

I've never had a better team than I currently have with my fellow matric students.

The years I have spent in Amanzimtoti High School were the best years ever.

I am grateful for the teachers I came across that really inspired me and they are the reason I am who I am today. The one thing I love about our Matric group is that even though we may not interact with each other, all the time we know each others names and have each others' backs. As we have now reached the end of our school career, I wish every one of you all the best with the new adventures and paths we are about to take.

Always remember "better an oops than a what if".

SDUDUZO MSELEKU Deputy Head – Sports

SDUDUZO MSELEKU

Awe Matrics! It has been a good five years spent together. Strong friendships have been forged along with many everlasting memories that we have shared together.

2020 was supposed to be a phenomenal year for us as Matrics. We were all excited for the good times that we were going to cherish together, until the unprecedented pandemic of Covid-19 stole our glory. Despite the darkness upon us, there **WAS** light at the end of the tunnel, as we were able to continue with the academic calendar.

I have been taught by educators who have managed to bring out the best in me, helping me to reach my full potential.

It has been inspiring to see our principal, Mrs Lemmer, leading and guiding our school so successfully, she is a true definition of, "You strike like a Woman, You strike like a rock".

To the prefects, I am grateful to have worked with each of you, hosting the prefect interact day was a great success. My two colleagues even hosted the first ever grade 8 talent show.

As Matrics of 2020, let's make sure that we remain focussed, prepared and ready as we head into our final examination of Matric.

As a leader of the school, I would like to take this opportunity to wish every Matriculant all the best with their future endeavours in life. All the best!

Mrs P. Shandu

Is there a quote or saying that you live your life by?
 "A saying that I live by is: MY FAMILY COMES FIRST."

KIRSTEN MACKINNON

2020 Head Girl

Matrics, can you believe our school career is over? It feels like just the other day that we arrived at Amanzimtoti High School, excited but so nervous, uncertain but determined to make the most of all that high school had in store.

Over the last five years we have grown together, made memories that will always be with us and built friendships that have carried us through hard times.

2020 was meant to be an exciting year of celebrating what we have achieved and how far we have come. Instead, Covid-19 arrived and swallowed up all our best plans and long held dreams. It could be easy to remember this year for all we have lost but I have decided

to look at 2020 in the light of all I have learnt about finding joy and life in the midst of challenge.

I have so much to be grateful for!

I am grateful that the prefects were able to successfully organise all of our annual functions in one term, and to have left a legacy with the successful start of a new AHS tradition: The Grade 8 Talent Show. I am grateful for the continuous support of our teachers, many of whom found online learning challenging and yet gave it a try for our sakes. I am grateful for the friends I have made who have taught me so much. I am grateful to have been in a excellent school where learning could continue despite the corona virus. I am grateful to be able to go to university next year, a privilege I don't take for granted. I am grateful for all the memories I have made that I will cherish forever.

Finally, to the staff and to the school; I am grateful for the privilege of having served as your head girl this year. It has been the greatest honour of my life so far and I hope that I have done you proud. I have given my best and I have learnt so much. To the prefect body, you are a remarkable group of people and it has been a great blessing to be a part of the team. To my head prefect, thank you for making me laugh and always having my back.

Matrics, despite everything that has challenged us , we stand ready to write our Matric Finals! We have become creative and resilient, determined and brave. We are more ready for adult life than any group before us because of the challenges we have faced this year. Let's celebrate high school; all its highs and lows, our successes and our failures, they have made us who we are and nothing can take that away from us. So be proud of who you are! Make choices that are true to you and what you love. Seize every opportunity and have no regrets. Live life courageously and with love. May God favour and protect each one of you.

I wish you all the best on the crazy, scary, exciting and wonderful adventure that is life.

Much love, Kirsten.

JUSTIN SWART

2020 Head Boy

2020 need I say more!

I'm sure just about everybody is looking back right now and thinking,
"WHAT WAS THAT?"

Well in short, it was our Matric year.

I would just like to take this opportunity to thank everybody for a great year despite the whole Covid pandemic.

Being head boy of Amanzimtoti High School has honestly been such an honour, and I would without a doubt do it again if given the chance.

I want to wish everybody good luck with all their future endeavours and may your lives from here on out be filled with nothing but happiness and success.

Regards, Justin.

Mrs C. Verrall

If you could be anyone for a day, who would you be?

"If I had the chance to be someone else, I would choose to be a "better me".

I am far from perfect but I am building myself as the time passes to become a better me. Being someone else makes you conform to their expectations and beliefs.

When a person knows their values and beliefs and why you do what you do, you do not conform to others' expectations or way of thinking.

Accepting the way I am under no pressure and being me generates a feeling of calmness and relief."

? **MR KAPP**, please tell us What is the most daring thing you've ever done?

A "During a 12 hour stopover in Cairo, my wife and I pretended to freshen up in the airport hotel but actually slipped out to go and see the pyramids.

No visas and no airport clearance!

At the time the country was closed to tourists due to terrorist attacks. We negotiated with a local taxi driver and off we went. It ended up being a beautiful idyllic sunset, us on horseback in the desert with the majestic Pyramids in the background.

I vividly remember the cool desert blowing through my wife's hair, the mystic chanting in the background and the clip-clop of the horses hooves on the ancient cobble stoned backroads of Cairo. The worry about being caught out was constant because we were the only Western people on the streets (my wife's skimpy outfit in a Muslim state did not help). We rushed back over the festively lit up Nile river and just made it back in time to the airport. My nerves were finished at the end of the trip. It was a huge risk but was well worth it in the end."

How would you spend 1 million rand in 1 hour?

"I would divide the money into portions, a portion would go to the needy and my church.

I'd pay for a week long family vacation, staying at a 5 star hotel...I'd pay for an overseas vacation
to visit my daughter and purchase an income generating asset. Then finally for the last 15min,
I'd go on a plant shopping spree at Illovo nursery."

Dear Grade 12.

I am sure that this has been by far the most challenging year of your lives.

2020 has brought so many obstacles, but you have overcome them. Like the cream in milk, you have risen to the top. You have faced and accepted the challenge that this year has brought and you have done more than any other group of matrics before you. This has not been wasted, this has given you resilience and skills to face your future with the knowledge that YOU CAN! YOU CAN do whatever needs to be done to succeed. I am proud of you all!

My dear Grade 12s,

When I look at 2020, years from now,
 What I will remember is that
 Amidst a year of challenges,
 You stood tall, courageous and determined.
 You took everything in your stride,
 And when I looked at you,
 It filled me with a sense of pride.
 Your months of hard work and perseverance;
 Your smiles and laughter through difficult days,
 will always be one of sweet remembrance.
 When confusion and uncertainty reigned,
 you did your best
 although you felt mentally and emotionally drained.
 What will matter most years from now,
 is that you stood together and
 saw this year through.
 Class of 2020, I will always be proud of you.

Wishing you the very best in your future endeavours,
 may success and happiness follow you wherever
 you go. Remember, if you put your heart into
 everything you do, you are sure to be a success
 right from the start.

Lots of love, from Mrs Singh

LETHABO MAKUA

Lethabo Makua was born on June 10, 2002. His school attendance spans two Provinces namely: Limpopo and KwaZulu Natal. He is an aspiring entrepreneur and public speaker. Lethabo is currently in matric and intends to pursue an academic career in Strategic Marketing Communications. He is currently in charge of the standard operations for business growth and innovation at Alter Ego Deliveries, a large grocery delivery business based in South Africa alongside Alter Ego Promotions & Events. Lethabo has addressed various audiences in South Africa and the United States for more than 3 years to date.

Early 2019 Lethabo travelled to the United States and spoke at one of the largest churches in Los Angeles, Hill City Church LA. He then attended a higher educational conference that specialized in National Higher Education Reform for student success, achieving the Dream in Long Beach California. Early 2019 after returning from the United States, Lethabo hosted a Youth Leadership Seminar in Durban that had over 300 young people there with a line-up of speakers that were professionals. Lethabo then identified that one of the causes of youth unemployment is lack of education that is crafted to help youth identify with skills, creativity, critical thinking and collaboration.

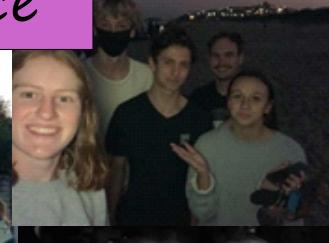

After identifying this, Lethabo then founded @Prodigioushighdefinition. "Our aim at Prodigious is to impact at least 1 million young entrepreneurs by the year 2025 through our provision system that we are launching in 2021. PhD will serve as an educational provider for African youth who aspire to participate in the entrepreneurial ecosystem". PhD also hosts an annual conference called The Prodigious Conference.

The prodigious conference is a dynamic annual conference crafted to create space for the incubation, nurturing and growth of dreams all round. The conference was conceptualized out of the desire to challenge convention and indifference in people's spaces and to deliberately set them up for a vibrant and formidable future, craft and formulate education that is fit for the South African context to defeat structural exclusion.

Lethabo is passionate about changing the African narrative and educational issues faced by the youth in South Africa. He aspires to be the catalyst for change in the way that South African youth approach business and ways of doing business. Lethabo delivers keynotes that are in alignment with his expertise which is Strategy, Marketing, Branding and Leadership. Lethabo has reasonable knowledge and experience in marketing strategy and tactical development for small businesses. He has worked with businesses such as Excel High Solutions, a publishing company based in Durban and Afro Consultant which is an advisory and consultant firm based in Australia. Lethabo is the Host of The Dream & The Open Talk podcast. Two online audio platforms produced by PhD. The podcasts have over 1500 listeners.
